2024 REFLECTIONS

Dear friends and allies of SPACE,

As we reflect on 2024, we are filled with gratitude for the vibrant community that powers SPACE Gallery. Thanks to your support, this year brought renewed momentum to our mission: to bring people together through art, conversation, and shared experience, while supporting the labor of artists as deeply as we can.

The annual report, along with our 501(c)(3) 990 Filing is an opportunity to share our work and finances transparently, a commitment of the nonprofit sector that is a critical underpinning for trust in public charities such as SPACE, while we find ourselves in a new year where that is being actively attacked and dismantled at a federal level.

Our music and film programs continue to grow, experiment, and change while drawing enthusiastic audiences, reminding us of the vital role live events play in shaping culture and connection. In a time marked by increasing social fractures, our events offer essential gifts: belonging, camaraderie, conversation, time offline, and the opportunity for new relationships.

Our Re-Site 2024 temporary site-specific art projects sparked important dialogue, inviting artists to illuminate and challenge public memory through imaginative interpretations of a constellation of greater Portland historical sites. These works are part of an ongoing conversation shared by many of our local cultural institutional peers about how place, power, and legacy can shape our collective future.

We also celebrated a major milestone: the 10th anniversary of SPACE administering the Kindling Fund. Over the past decade, this regranting program—administered by SPACE with support from the Andy Warhol Foundation—has supported hundreds of artist-led projects throughout Maine. In 2024, we reached all 16 counties with our grantmaking for the first time. That's a full map of creative possibilities juried by regional and national leaders, and a geographic testament to the cultural richness of our state.

Looking ahead to 2025 and beyond, we know the future holds unpredictability. But SPACE remains a resilient and responsive platform for art, thought, and action. Since opening our doors in 2002, we have nurtured a home for multidisciplinary arts that speak to the most urgent issues of our time. Through events, exhibitions, performances, residencies, public programs, artist grants, and community gatherings, SPACE continues to be a point of convergence, one that uplifts diverse voices and models a more vibrant and interconnected cultural ecosystem. And in 2025, we will celebrate the 10th anniversary of buying our own building.

Thank you for believing in our mission and work.
Our community fuels the art of our time and the possibilities for what's next.

With deep appreciation,
Kelsey Halliday Johnson
Executive Director, SPACE Gallery
